Deepak Sharma
President
Falcon Security Inc

Sir,

I have had the pleasure of working closely with **Falcon's** management and executive level teams while closely monitoring their on the ground service delivery, and can say with all honesty, the product and support they deliver is exemplary and continues to surpass my expectations. Their uncanny ability to provide a high level product day in and day out makes my job easier, and perhaps most importantly, **Falcon Security Inc** continues to provide us with unique ways of advancing our security program with a seemingly endless amount of knowledge and enthusiasm. Due to their ability to far exceed our contractual requirements, maintain excellently deported and well trained staff, and their overall commitment to us as a client, I would be happy to recommend **Falcon Security Inc.** as the provider of choice in the security industry.

Sincerely,

Claudiu B. Chifan
Facilities Coordinator
